

Custom Video Production Services

An idea can change your life--we pride ourselves in developing ideas that improve your bottom line. We know the equine business and we know how to win in this space!

Whether you want to create a documentary or corporate video, a television or radio commercial or transform any other idea into a multi-media presentation, HorseCity.com will show you the way. When you hire us, we guarantee that there will be no surprises, no hidden charges, and you will love the final product.

It's that simple.

We have a tried and tested method for producing simple, clean and easy to understand videos for horse owners. HorseCity.com has created videos for AQHA World Champion Lance Graves, Craig Cameron, Josh Lyons, Julie Goodnight, NCHA Champion Leon Harrell and many others.

HorseCity.com provides a professional videographer and producer on your shoot.

We can create a specialized and efficient television production. From interactive DVD's to promote your stallion to full length training videos, we have what it takes to make your idea a success. We have produced programs for RFD-TV, The Outdoor Life Channel and various NBC affiliates across the nation. Combine our state of the art equipment with years of professionalism and we will take your idea to the next level.

Our daily rate for the entire crew is \$1,200/day plus expenses. After the shoot, editing is \$75/hour. A 30 minute video will typically take 10-12 total (non-continuous) days to edit in post production with client changes.
